

<b>Willoughby School Pupil Premium Strategy and Action Plan</b>	
<b>Number of eligible pupils: 25</b>	<b>Total Pupil Premium budget: £25,455</b>

<b>Strategy Statement</b>
<p>The school aims to identify barriers to learning to support all pupils to make good or higher levels of progress. This will focus on supporting pupils in their readiness to learn, levels of independence and behaviour for learning. An important focus for supporting learners in their academic and personal progress is developing pupils verbal and non-verbal modes of communication. This will allow them to access and understand the curriculum and be better receptive and expressive communicators. It will also support pupils social and emotional wellbeing and support them to feel happy, settled and integrated into their school community.</p> <ul style="list-style-type: none"> <li>• <b>To close the gap between the attainment of pupil premium pupils and their peers.</b></li> <li>• <b>To raise the attainment of all pupils across the school.</b></li> </ul>

<b>Desired Outcomes</b>		
	<b>Desired outcomes and how they will be measured</b>	<b>Success criteria</b>
1	All Pupil Premium students to make progress in line with or exceeding their peers. PP pupils who are not making expected progress are identified early and appropriate early intervention is in place.	Pupils eligible for PP make as much progress as their peers in core subjects and individual targets. PP pupils are identified and actions taken that address barriers to learning and close the gap.
2	Pupils social emotional wellbeing is developed to improve readiness for learning and improve attendance and academic progress.	Pupil Premium pupils access extended learning opportunities and attendance improves.
3	Behaviour and welfare issues are effectively addressed to support pupils to make and sustain expected progress.	Behaviour incidents in school and at home reduced and pupils readiness for learning significantly increased.
